A photograph of an outdoor event space at night, likely at Optus Stadium. The area is illuminated by warm white string lights strung across the top and by several tall, black, freestanding patio heaters. In the foreground, there are several black metal stools and a large wooden barrel. In the background, there are more tables and stools, some with wooden barrels, and a tall, blue-lit metal structure. The sky is dark, and the overall atmosphere is warm and inviting.
